

Since 2004, PPCLC has been instrumental in teaching, encouraging and inspiring the children of Park Place. Through our arts and literacy focused programs, we continue to build a foundation of Christian values and touch the lives of hundreds of children each year.

While the Park Place neighborhood has seen tremendous growth in community leadership and a decrease in crime over the last decade, the struggles of many families are still very real. With 87% of the elementary school students on free breakfast and lunch programs, we continue our work to help the Park Place community excel.

PPCLC seeks to make a positive impact in the lives of these families by investing in their children's education, health and imagination.

The PPCLC Board of Directors, staff and instructors are passionate about finding ways to use academic and art based programs to help enrich the minds and hearts of our students. By helping them unlock the potential of their own intelligence and creativity, PPCLC gives them the tools to paint a picture of a brighter future for themselves and their community.
